MYSTERY OF JAPANESE
TIENTSIN EVACUATION
CONTINUES TO DEEPEN

Peiping, September 4.

Mystery concerning the Japanese evacuation of Tientsin concessions deepens. After persistent requests for a statement, General Terauchi's headquarters here stated yesterday that the Japanese Commander-in-Chief had issued no order for the evacuation nor made any statement to such effect.

Meanwhile, it is learned that at least three Consuls in Tientsin have been informed by the Japanese Consul there that the evacuation is ordered to be completed by September 15.

It is also reported that the South Manchuria Railway's offices have already removed from concessions, while other offices and private residences continue to move out.

FRENCH PAPER SEIZED

The Journal de Pekin had the whole of its Tientsin edition seized by the Japanese authorities yesterday on arrival by train in Tientsin. No reason has been advanced for this action. The paper is a semi-official French daily. (Reuter).

Daring Murder
In Shanghai

Hankow, Sept. 4.

Another daring murder occurred in Shanghai on Friday morning when Ma Sung-tao, a policeman of the Shanghai Municipal Police was stabbed in his own house by an unidentified person, according to a Shanghai message.

Ma was lying in bed when the assassin broke in and stabbed him with a short sword. He received three wounds and died before he reached the hospital.

The assassin escaped. (Central News).

WOMAN SLAIN IN
TERRITORIES

The body of Tang Yun-tai, 44-year-old woman, lies at the Kowloon Public Mortuary. Tang was last seen alive on Friday night, and the police believe that she was murdered.

Early on Saturday morning, relatives of the deceased woman found her dead body in the front room of her house at No. 1715, Un Lone Village, Au Tau district, the New Territories.

Deceased had suffered multiple stab wounds on various parts of her body. An iron-tipped carrying pole was found lying across the prostrate figure and it is believed that the wounds were inflicted with this pole.

Deceased's purse had been ripped open and searched. The adjoining room was in great disorder. It showed signs of having been thoroughly ransacked.

The police are making investigations.

Orders To
Chinese To
Move Out
Of TientsinFOREIGNERS ARE
PUZZLED

Tientsin, Sept. 4.

Chinese officials of the "Provisional Government" residing in the foreign concessions were ordered yesterday afternoon to be ready to move out at a few hours' notice. Foreign residents remain calm but are puzzled at the action.

A leading local Chinese daily newspaper, regarded as the mouthpiece of the Japanese, in a recent article suggested that in the event of war in Europe Japan would participate in accordance with her agreements with Italy and Germany and might then try to occupy foreign controlled areas in China.

Individual Japanese, also smaller firms, are gradually leaving the British and French concessions while some of the large firms have moved their administrative offices elsewhere although difficulty is being experienced in securing accommodation.

For the present the Japanese Residents' Association's ultimate decision in regard to the original order is that all Japanese retire from neutral areas. (Reuter).

CHINESE RETAKE
IMPORTANT
HONAN TOWN

Chengchow, Sept. 4.

Chuhsienchen, strategic town southeast of Kaifeng, returned to Chinese control yesterday when the Japanese were driven off by the Chinese in a smashing attack.

The Japanese numbering about 200 men, who retreated from the city, were again attacked by other Chinese units at a point 15 kilometres east of the city, and were totally annihilated. Over 100 rifles, and many tin helmets and gas masks were seized by the Chinese. (Central News).

WORLD AFFAIRS MAY BE GLOOMY, BUT WE HAVE OUR SPORT

The Prime Minister (to agitated messenger): "Well, has he done it?" Messenger: "Yes, sir, passed Bradman's record easily." The P.M.: "That's a half-crown you both owe me. Now we can get back to this Franco business."

Cloudburst
Havoc In
Colorado

Denver, Colorado, Sept. 4.

At least five have perished and 12 are missing at the result of floods caused by a cloudburst in the Rocky Mountains yesterday.

Scores of buildings have been destroyed in two Colorado resorts. (Reuter).

INDICTMENTS
DROPPED

Tokyo, Sept. 4.

The Seoul police have released all those allegedly involved in the Korean Independence Movement unearthed on May 19, according to an announcement today.

More than 40 indictments were dropped but the accused persons will be kept under police surveillance. (Reuter).

Japanese Use
Mustard
And Tear Gas

Nanchang, Sept. 4.

Beginning at dawn today the Japanese launched a general attack on the Nanchang-Kiukiang railway.

The whole attack was effected by the central, right and left columns. Aided by a number of warplanes and field guns, the Japanese infantry rushed the Chinese defence positions.

To crush the stiff Chinese resistance, the right flank of the Japanese column brought in mustard gas and tear gas and inflicted very heavy casualties on the Chinese.

Although badly dislodged, the Chinese refused to give in and are still grimly holding their ground while fresh reinforcements are continuously pouring in to help check the Japanese advance. (International).

The tone of the press last night was much more peaceful.

JAPANESE CASUALTIES ON
YANGTSE FRONT
TOTAL THOUSANDSMorale Low After
Serious Reverses

Hankow, September 4.

Chinese intelligence reports reveal that the Japanese suffered about 14,000 casualties during recent fighting on the north and south banks of the Yangtse River. Of these 5,400 were killed in action and 8,500 wounded, and the dead were cremated outside the north city gate of Ankang, former capital of Anhwei.

A part of the wounded are receiving medical care in hospitals at Kiukiang whilst the rest have been sent to hospitals at Shanghai, Nanking and other cities along the Nanking-Shanghai Railway.

Chinese military circles describe the recent Japanese losses as the heaviest since the shifting of the theatre of war to the banks of the Yangtse River.

The Japanese morale is stated to be low after the serious reverses recently. It is alleged that two Japanese regiments ordered to go from Shanghai to the Yangtse River front on Aug. 28 and 29 departed only under coercion. (Central News).

FIERCE BATTLES

Hankow, Sept. 4.

The battles on the north and south banks of the Yangtse River are among the fiercest in the present conflict, according to latest dispatches from the war fronts.

POLITICAL OUTLOOK
IN PRAGUE STILL
REMAINS UNSETTLEDSudeten Germans Insist
On Principle Of EqualityBERLIN PRESS CAMPAIGN AGAINST
CZECHOSLOVAKIA NOT ABATED

Prague, September 4.

The political outlook is still unsettled as the task of finding a basis for agreement is still proving to be difficult.

The Sudeten Germans are insisting on the principle of complete equality with the Czechs before they will discuss details, while the Czechs find it hard to swallow the principle of equality, realising that once this is granted their powers of effective control will have diminished.

Students of the situation say that the Sudetens, while they have not rejected the Government's canalisation proposals, are willing to accept the idea only on condition that the canals are based on the Swiss model.

Herr Henlein's paper, the Rundschau, declares that the Czechs are feeling more and more that advice and pressure from the Western Powers are driving them towards greater concessions.

CZECH FEELING

Several Czech papers yesterday revealed resentment at the attitude of the Powers and show inclination to look towards Soviet Russia for support.

The Narodni Polotik, for example declared that Czechs must act in conformity with advice not only from the Western Powers but also from the Eastern Powers, with whom lies the final word owing to their greater strength. (Reuter).

BERLIN QUIETER

Berlin, Sept. 4.

The tone of the press last night was much more peaceful.

though the campaign against Czechoslovakia was not abated. All Berlin diplomats and officials are packing up for the Nazi Party rally at Nuremberg this week, and the usual week-end slackening-off produced a comparatively peaceful atmosphere.

HITLER'S DECLARATION

Everyone is awaiting Herr Hitler's declaration which will be read by Gauleiter Wagner on Tuesday. It is believed that the declaration will make no important reference to the Czech-Sudeten negotiations unless they have so far advanced that a basis of discussion is in sight. (Reuter).

HENLEIN GOES HOME

Prague, Sept. 4.

Herr Henlein arrived in Aesch, his home town, from Berchtesgaden last night.

The report that he saw Mr. F. T. A. Ashton-Gwatkin, Lord Runciman's assistant, at Marienbad was incorrect. (Reuter).

10 AMBASSADORS
WILL BE PRESENT
AT NUREMBERG

Nuremberg, Sept. 4.

Amongst foreign diplomats attending the National Socialist Party Congress at Nuremberg this year will, for the first time, also be the United States Ambassador.

With the exception of the Soviet Russian, Uruguayan, Columbian and Bolivian envoys, all foreign diplomats accredited in Berlin will thus attend this year's Party Congress.

Two special trains will bring ten Ambassadors, 22 Ministers and 13 Charges d'Affaires to Nuremberg on Monday. (Transocean).

STRASBOURG, SEPT. 4. GERMAN TROOPS, INCLUDING MECHANISED UNITS, CAVALRY, ARTILLERY, MACHINE-GUN CORPS AND INFANTRY, WERE CONCENTRATED ON THE RHINE FRONTIER OPPOSITE HERE ON FRIDAY AND YESTERDAY. (REUTER).

MANOEUVRES PROCEEDING

Berlin, Sept. 4.

Reports of the increase of troops on the German frontier opposite Strasbourg are not denied by German circles, which explain that manoeuvres are still proceeding and that at present the troops are exercising between Offenbourg and Kehl.

It is officially declared that the manoeuvres are perfectly normal, but no information could be given in regard to the troops participating. (Reuter).

NO UNUSUAL MOVEMENTS

Cologne, Sept. 4.

There are no unusual troop movements on the Rhineland between Baden and Cleve. (Reuter).

Flying Over
Nuremberg
Prohibited

Berlin, Sept. 4.

It is officially announced here that flying over Nuremberg and district is strictly prohibited during the period from Sept. 4 to 15.

The official announcement adds that the Nuremberg region will be guarded by anti-aircraft batteries which will fire at any plane which enters the prohibited area.

The prohibited area will, moreover, be patrolled by planes of the air police. Planes entering the prohibited area without special permit will be fired at if they do not land at once, after having been warned by signals given by air police planes. (Transocean).

RECLAMATION WORK
FOR REFUGEES

Hankow, Sept. 4.

The Honan authorities are arranging for the transportation of 1,370,000 Yellow River flood refugees to the interior for land reclamation work.

The first batch, consisting of 100,000 refugees, are leaving shortly for Tientsin. In south-west Honan where 80,000 mows of land have been allotted to the refugees. (Reuter).

GIGANTIC PLANS FOR WAR RELIEF

Government Project Finds Support Of People

(FROM OUR OWN CORRESPONDENT)

Chungking, August 30.
While it may take some time to realise what is being planned for the relief of the refugees in China, particularly in the south-west, the general policy of the National Government in this respect is being gradually known and appreciated by the Chinese public, the leaders of which are to rally to its support.

The immediate problem is housing and a committee has been organised in Chungking, the wartime capital of the Republic of China on the upper Yangtze, to erect 250 tenement houses in suitable and well-protected places in the neighbourhood, available to the fairly well-to-do as well as the somewhat financially strained and the needy. Local leaders and business men have raised \$700,000 and the central authorities, \$300,000, for the purpose.

A report recently issued stated that some 2,000 refugees had arrived in Chungking lately, but it would be more correct to say that this was the highest figure in any one day since Szechuen became the "life-line" behind the front in the present Sino-Japanese struggle.

Hitherto, all those from the war zone have been able to make their own way up the river, while awaiting accommodation on junks or

steamers via Ichang and Wanhien. They have thus far provided no local problem but, in time to come the situation will be different.

GOVERNMENT HELP

The central authorities have advised all those finding it necessary to leave their homes down the river to first concentrate at either Changsha, Hengyang, Wuchang, Hankow, Shao, Ichang, or Ito; and some of them, when necessary, will be assisted by the Government with transportation facilities to go westward.

Chungking organisations backing the Government in its anti-aggression war will have an information office at Ichang to advise those heading for Szechuen and upon their arrival, they will be accorded temporary hospitality either in Chungking or Hsichuan, for 1,000 to 5,000 is already under in each of which places a camp preparation.

The Szechuen Provincial Government had \$200,000 in its last semi-annual budget for 1938 to be devoted to war charity and so far it has only applied a small part of this sum for the provision of an orphanage for waris coming from the lower Yangtze to Chengtu.

PARENTS' CLUB

The care of the 10,000 war orphans, to be assigned to the charge of the Szechuen public, is being arranged by the local chapters of the China Wartime Child Welfare Association.

JAPANESE REDOUBLE EFFORTS TO
TAKE HANKOWChinese Undaunted In
Face Of Continuous
Attacks Along YangtseBoth Sides Rushing Up
Reinforcements: Three
Columns March On Tehan

Hankow, September 4.

THE JAPANESE redoubled their efforts on the North and South banks of the Yangtze on Saturday in order to increase their prospects of an early conquest of Hankow.

On the northern bank of the river the Japanese forces, strengthened by six regiments of infantry, one regiment of artillery and 10 tanks continuously attacked the sector between Huangmei and Kwangsi, which was stoutly defended by the undaunted Chinese troops.

The Japanese succeeded in advancing in three marching columns to within 10 kilometres east of Kwangsi and the Chinese are now rushing reinforcements to that area.

On the south bank the Japanese have also received reinforcements and they now appear to be advancing along the Kiang-Nanchang railway, leading south in order to widen their base for the main operation against Hankow.

From Kiang-Nanchang and Singtse, on the Poyang Lake, three Japanese columns are marching on to Tehan which was continuously bombarded on Saturday by Japanese planes.—(Transocean).

EUROPEAN
ATHLETICS
IN PARIS

Paris, Sept. 3.

The first party of the German team of 30 athletes who are taking part in the second European Championships here tomorrow has already arrived.

Germany will be defending seven European titles including two relay championships.

Sprandberg, Sweden's champion sprinter, has been obliged to withdraw his entry owing to injury.

Two other powerful runners namely Szabo of Hungary, and W. Roberts, of Great Britain, and holder of the C. N. Jackson Cup and Harvey Golf Cup have had to stand down.

Roberts' absence will greatly weaken the British 400 metres relay team.—(Transocean).

Henlein Home
AgainTALK WITH LORD
RUNCIMAN

Prague, Sept. 4.

Konrad Henlein arrived back in his native town of Asch from the Reich, on Saturday and was accorded a very enthusiastic welcome.

It is expected that the Sudeten-German leader will meet Lord Runciman, who is spending the week-end in the Castle of the Cardinal-Archbishop of Prague in the neighbourhood, on Sunday (today).

One member of Lord Runciman's mission, Mr. Ashton G. Watkin, has gone to Marienbad.

On Saturday the leader of the Sudeten group of negotiators, Deputy Kundt, had a conversation with the Prime Minister, Herr Hodza, but no particulars could be obtained regarding the subject of the conversations.

NO SPEECH YET

Concerning the declaration that Dr. Benes had announced he will make shortly, a German news agency which is in close contact with the Government, states that the speech will not be made until it seems likely that the negotiations with the Sudeten-Germans will end favourably.

It is stated that the solution will be effected in two stages the first of which will be to remove the acute conflict now prevailing and then to work out, in the calmer atmosphere, a programme of collaboration in order to satisfy the demands of the Sudeten-Germans.—(Transocean).

REINFORCEMENTS
FOR HANGCHOW

An Easier Turn

Hankow, Sept. 3.

Two thousand Japanese infantry and cavalry men equipped with 500 horses, rifles and machine-guns have been sent from Shanghai to reinforce the defence of Hangchow, according to a Shanghai message.

These reinforcements were dispatched in compliance with an urgent request of the Japanese military authorities in Hangchow where the Japanese garrison is said to be inadequate to cope with the increasing activities of the Chinese guerrillas.

It is stated that the Japanese garrison along the Tientsin-Pukow Railway has also requested the Japanese military command in Shanghai to send reinforcements to guard the important railway line, but the request has not yet been complied with as no troops are available.—(Central News).

GERMAN TRADE
DECLINESFar Eastern Market
Not So Healthy

Berlin, Sept. 3.

German exports to the Far East in the first seven months of the current year amounted in value to 132 million Reichsmarks as against 180 million Reichsmarks in the same period of the preceding year, a decline of 48 million Reichsmarks or 27 per cent.

German imports from the Far East on the other hand increased by 20 million Reichsmarks to 134 million Reichsmarks or by 17 per cent.

The decline of German exports to the Far East is the outcome of the Sino-Japanese war which has now lasted more than a year. Exports to China have specially suffered, being now only half they were a year ago.

Exports to Hong Kong likewise declined about 40 per cent.

On the other hand, German exports to the Japanese market have only suffered a small decline being 8 per cent less than last year.—(Transocean).

BETTER MEANS OF
COMMUNICATION

Shanghai, Aug. 30.

Beginning from September, the Chinese Government has pronounced the enforcement of joint communication in the various provinces.

The provincial governments of Chekiang, Fukien, and Kiangsi provinces have held a joint meeting discussing the question of the communication depots, among which the following were agreed upon:—Changshan, Lisul, Chinghua, in Chekiang Province; Nanchang, Hoku, Wuyuan, in Kiangsi, and Pucheng, Kienyang and Foochow in Fukien Province.

The idea of this promulgation is to facilitate military and products transportation and general means of travel.—(Ta Kung Pao).

MORE JAPANESE
RESHUFFLESTo Deal With China
Contingency

Tokyo, Sept. 3.

Foreign Minister, General Ugaki, was credited by several newspapers with an intention to effect, gradually, far reaching changes in the Foreign Office and Japanese diplomatic posts abroad.

The paper "Chugai Shogyo Shimbun" states that with the further development of the foreign political situation in connection with the China conflict, the Japanese Ambassador in Berlin will be recalled to Tokyo as Assistant Foreign Minister and the present military attaché in Berlin, Major-General Oshima, will be appointed Ambassador to Germany.

Former Minister to Sweden, Mr. Suiratori, is mentioned as the likely successor to the Ambassador in Rome. Mr. Masaki Hota.

Replacement of the London Ambassador, Mr. Yoshida, by the present Assistant Foreign Minister, Mr. Horinuchi is also believed possible.—(Transocean).

MORE JAPANESE
SAVAGERY

A report has been made to the Hong Kong Fishermen's Union to the effect that twelve large fishing junks from the Colony, fishing west of Macau, were attacked by Japanese armed trawlers and set on fire recently.

Twenty-one Chinese men, women and children, lost their lives. Others managed to reach the mainland safely.

TREASURY BILLS

London, Sept. 3.

A total amount of £47,755,000 was applied for in tenders for £45,900,000 Treasury bills. The maximum amount was allotted in bills at three months. The average rate per cent. was 10/5.87d. as compared with 10/1.53d a week ago.—(British Wireless).

MUSICAL REVIEW OF THE WEEK

BY ALLEGRO MODERATO

"Yeah man, swing it!" That's what we hear frequently. It is all over the world from Buenos Aires to Rome and right back the other way around. Now, what is swing? To understand this term one has to attend what is known in swing vocabulary as a 'jam session,' if you are fortunate enough to find one. Before we go any further, let us set down for your benefit a glossary of these swing terms:

Jam session—An informal meeting of performers for their own amusement, without a conductor or even score sheets.
Alligator—A non-playing swing devotee.
Paperman—A musician who plays only written music.
Ride—Easy-going rhythm.
Screw-ball—Crazy, unbridled swing.
In the groove—Carried away or inspired.
Cats—The musicians of a swing orchestra.
Licking their chops or frisking their whiskers—Getting warmed up to swing.
Gang—A medley of songs.
Lick—An original interpolated phrasing.
Break—Dropping the rhythm for a few beats.
Mugging—Light—Soft, staccato swing.
Mugging heavy—As above, with heavier beat.
Kicking-out—Very free; improvisation.

Now at these jam sessions you will notice that one or the musicians will begin to play without any further ado. There is no leader. First you recognise the instrument picking out the thread of some familiar melody. The others seem to shake themselves awake and first one and then another instrument fall in. The first instrumentalist predominates by unspoken consent, setting the rhythm and the melodic trend.

After a while the melody is no longer discernible; the instrument soars above and below it. We feel the original melody present but only by inference. It persists through its very negativeness, by brilliant counterpoint and obbligato. It is immediately seen that the musician is complete master of his instrument. And he is—one of the masters.

Then he subsides and without any further arrangement another instrument takes up the lead and soars into unparalleled improvisation. The people all around are spell-bound. The trumpeter has taken the lead, without paper, without a leader, and yet the others are not a split second behind him.

All around one hears—Screw-ball—lick, sock, ride and gang—the cats are frisking their whiskers, getting off! Oh, they're mugging it light, mugging it heavy, now they're in the groove! They're going to town—Swing to Big Boy!!!!!! And does the Big Boy swing it, with his trumpet tilted up at an angle of 45, his eyes closed, while streams of perspiration pour down his dusky face.

Some coloured alligator whispers to his lady friend, "Honey, dye know who dat cullud boy is?" "Sho' nuff, dat ain't nobody, 'ceptin' he ain't Louis Armstrong!" Louis Armstrong—the King of Swing! And he is kicking out tonight.

Now jazz and swing were born in the region between New Orleans and the Mississippi delta. Between 1905 and 1910, these naturally gifted musicians grew in number. They were mostly negroes, though not altogether by any means for even race conscious New Orleans threw colour lines to the winds and all jammed together.

By 1912 it burst out—excursion boats on the Mississippi with orchestras recruited in New Orleans brought it and flung it far and wide. St. Louis and Memphis went wild over it. In 1914 W. C. Handy wrote "St. Louis Blues," following it with the "Memphis Blues." Both are classics today.

Again, what is swing? Now let us say that jazz is a body of music which can be recorded on paper and preserved. Swing is a manner of playing recorded or memorised music. You can swing anything from Bach to Berlin.

The manner of playing called swing is a way of creating as the music goes on. A swing artist will never play the same piece in the same way. Thus jazz and swing are twins almost. But swing has now produced music that is assuredly far richer and more original than jazz. Perhaps some day we shall see swing introduced into the field of the classics. Did we hear a chorus of curses from highbrows?

HONG KONG HONoured

HONG KONG, SEPTEMBER, 4th 1938.

ALTHOUGH it was of a purely unofficial nature, the visit during the week to the Colony of His Excellency the Governor of Kwangtung, General Wu Te-chen, must be recorded as a most important event, as it served as a further proof of the strong ties of friendship between Hong Kong and Canton, and the community as a whole must feel deeply grateful to General Wu for finding time enough to make the visit when Canton is undergoing so much trial and tribulation as at the present time.

The distinguished visitor, during his stay here, called on His Excellency the Governor, Sir Geoffrey Northcote, and he also met leaders of the community in the course of the many functions that were given in his honour. On Friday General Wu Te-chen was host at a tea-party at the Hong Kong Hotel and it was at this function that he predicted a change in the situation both in Hong Kong and Kwangtung following the cessation of the Sino-Japanese war.

With his customary foresight, General Wu looked into the future and said that the first sign of better times would be the period of rehabilitation which would greatly stimulate trade and commerce. In this connection it seems but natural that the materials required for this gigantic undertaking must be ordered from Great Britain, not so much out of friendship as from the point that past experience has proved the superiority of British manufactures, especially insofar as machinery is concerned, over all others.

In a lengthy speech General Wu gave the reasons why he felt so optimistic regarding the future and those who have, closely followed the trend of the war, agreed with him in his optimism.

Reports received from reliable sources in Japan indicate that all is not well in the erstwhile Land of the Rising Sun. We say erstwhile after mature thought for it appears now that Japan is more the Land of the Setting Sun. But to return to the conditions in the country, money is scarce and the collection of war materials that was hoarded up long before the hostilities started has been used up and is now reduced to almost nothing. The man power of the country has greatly deteriorated and in a word Japan is on the verge of economic bankruptcy—a pleasant prospect, indeed, for the mad militarists who have visions of a new Empire!

With Japan driven away from China, with all the occupied areas returned to the rightful owners, there is every reason to be optimistic for the future of China.

And when China settles down again to continue the work that was so rudely interrupted by the Japanese, namely bringing the country up to the same high standard as the first class European Powers, Canton must move in line with the rest of the Republic. When Canton moves Hong Kong must need to do the same in sympathy, so closely linked are these two great Southern ports.

To those of us who have followed the trend of events and who know and appreciate the Kwangtung Governor, as a shrewd and level-headed diplomat, we know General Wu is not looking through rose-coloured spectacles when he sees a glorious future for China—for Canton and for Hong Kong.

The Times said that the scale of manoeuvres and the persistent propaganda campaign against Czechoslovakia were being watched in London with the closest attention.

The News Chronicle wrote that "even the most optimistic members of the British Government" can scarcely believe in a "friendly settlement" between Czechs and Germans when such a campaign never ceases.

The Daily Express indicated that Britain's attitude to this question will shortly be "redefined" and reminded its readers that the Premier, in March, had emphasised that if a general war arose out of Czechoslovakia "it would be difficult for the country to hold aloof."

The Daily Mail more bluntly asserted that the British Government will "in the next few days" give to France an "unmistakable assurance" that Britain will support her should war arise out of Czechoslovakia.

WHATEVER truth there is or is not in these various utterances, it is clear that they cannot be reconciled with any other view than that the situation is full of "dangerous possibilities."

The danger points in Europe are two: Spain and Czechoslovakia, and the British Government is quite

TWO DANGER POINTS rightly regarding the Czech-German question as the more explosive of the two.

In politics there is nothing inevitable, nothing, however threatening, that cannot be prevented and therefore no fears, no suspicions, no assumptions about the attitude of Germany to this quarrel should deter the British from working to the last minute for a peaceful settlement.

One of the principal means to that end is to assist the forces of compromise in Czechoslovakia itself. In other words, to support the efforts of Lord Runciman to bring about a settlement which, while furnishing reasonable satisfaction to the Sudeten Germans, will not involve the self-destruction of the Czechoslovak State.

THERE IS no doubt that the Czechoslovak Government is prepared to go far, how indeed could it be otherwise?

The unknowns are these: how far the Sudeten German leaders will accept anything that the Czech State dare offer them; whether Hitler will allow a "settlement," even if it is a temporary one; and whether the violent campaign by press and wireless against the Czechs, the ceaseless effort to put them in the wrong, the demonstrative manoeuvres and work on fortifications, are intended only to intimidate the Czechs into political con-

P.I. BUSINESS
MEN FETED

The Chinese Merchants' Club in Hong Kong on Saturday evening was the scene of a dinner party in honour of the Honorable Alberto Barretto, former Minister of Finance in the Philippines, and Mrs. Barretto, and Don Claudio Aldecoa, a Manila financier.

These charming guests of honour were attended by the Honorable and Mrs. H. S. Henry Kibling, former Mayor of Amoy, Mr. Philip Gockehin, Director of the Wing On Bank, Mr. and Mrs. A. Matti, Manager of the Peninsula Hotel, Mr. and Mrs. A. E. Frats, of Frats & Company, Mr. and Mrs. A. P. Roa Raagas, Mr. and Mrs. Cock Lam-cheung and Mr. Felipe Elizaga.

The Honorable and Mrs. Barretto have been visiting in the Colony for the past week, arriving on the Empress of Russia with Don Claudio Aldecoa.

The hosts on Saturday were Mr. and Mrs. Li Tse-fong, Honorable and Mrs. Lo Hung-nien, Honorable Wang Lin-goh and Mr. and Mrs. Chen Mo-hua who welcomed the guests with many kind words and greetings after a splendid Chinese dinner.

essions or precede the use of force.

Since no one anywhere pretends to be able to answer this question—and hence, and hence only, the present anxiety—it is clear that the British Government may have to point out again, in the vital interests of the country, what Mr. Chamberlain said on March 24, and repeated during the crisis of May 21, that should war arise "the incalculable pressure of facts might well involve this country."

For the past few days the situation in Europe has been less tense and it is the fervent wish of all normal people that the necessary steps will be taken to remove any danger of an outbreak of war.

Empire Should
Show United
FrontPremier On Effect
AbroadVITAL FORCE OF
KINSHIP

The supreme importance, in the present state of world affairs, of the British Empire speaking as with one voice was stressed recently by the Prime Minister in a speech at the annual meeting of the Empire Parliamentary Association, at Westminster Hall.

Mr. Chamberlain is chairman of the United Kingdom branch of the Association. The chair was occupied by the Speaker of the House of Commons, Capt. the Hon. E. A. Fitzroy, who is joint president of the branch.

"In these days," Mr. Chamberlain said, "not entirely by our will or with our consent, foreign affairs take up a very large part of our time and attention. Whatever may be our views on foreign affairs we must be in agreement on one thing—that it is very desirable that the various members of the British Empire should not fall out in these affairs."

"We ought, on the contrary, it must be agreed, to show, as far as possible, a united front to the rest of the world, for if we can do that we are likely to exercise a far greater influence than would be possible if it were thought that we were not in harmony."

DEEPLY-ROOTED SENTIMENT The association had done an immense service in this direction in bringing together last year representatives of all parts of the Empire in the Empire Parliamentary Conference, a preliminary to the Imperial Conference.

"A very distinguished representative of one of the Dominions attending the Imperial Conference—a man not of our race—said to me, in a private conversation before he left this country, that he had attended many meetings and conferences here, but never before had he felt such a sense of kinship as he had experienced on that occasion."

"That and similar testimonies furnish powerful evidence of the value of that gathering and of its contribution to that sentiment of kinship, which, intangible though it may be, is nevertheless such a real vital force in the relations existing between the members of the British Empire—and, in spite of the misgivings which arise from time to time in the changing circumstances of the world, this sentiment is, perhaps, more deeply rooted today than ever before."

UNITY WITH DIVERSITY

Mr. C. R. Attlee, M.P., Leader of the Opposition, suggested that the voluminous annual report of the Empire Parliamentary Association might be read with profit by "some of those who take a different view of how one should organise the governments of countries in these days. I think that such a study would show them that amid a great deal of diversity one may yet achieve great unity."

The Empire Parliamentary Conference of 1940 is to be held in New Zealand, as part of the centenary celebrations of that Dominion, and on the motion of Sir John Simon, Chancellor of the Exchequer, the meeting passed a resolution of thanks to the branch of the association in the New Zealand Parliament for the invitation.

Kandahar
Veteran
Dies

Brig-Gen. Walter Charles Smithson, who was in Kandahar when Lord Roberts made his famous march from Kabul, and whose bravery was mentioned in five despatches, has died at The Neuk, Aboyne, Aberdeenshire, in his 79th year.

He formerly commanded the 13th Hussars. He gained the D.S.O. in the South African War and the C.B.E. in the Great War. Apart from the D.S.O. he held the Queen's Medal with five clasps and the King's Medal with two clasps.

RAISED GORDONS

He retired from the Army and went to live in Aberdeenshire, but on the outbreak of war in 1914 he raised the 2nd-4th Battalion the Gordon Highlanders.

He was given command of the Northern Cavalry Depot, and later

Hello & Goodbye

—BY A.W. HYER—

Travel is a big job! You all buy tickets, climb into a transport and off you go! No trouble, effort or inconvenience.

Behind the scene hundreds of busy people work to make the wheels go round. Captains down to cabin boys. Each of these individuals are human, interesting persons. They know what makes travelling and the moving public tick.

When ships commence to snuggle up to piers, Captains way up "top-side" have equally efficient assistance from Port Captains who wear uniforms and sport megaphones when superintending the berthing business on the piers.

No rest for these port captains who beat the piers day and night, rain or shine seeing that the floating packets calling by are tied up and sitting pretty.

And we would like to introduce Captain L. Bones and Captain V. Petherick who are constantly hopping from end to end of the waterfront neatly ordering, easing, spanking the fat and skinny travel transports to their hitching posts.

"ALL VISITORS, ASHORE," and there were plenty of them, 9 p.m. Thursday when this white steamer slipped into the black night, out for Saigon and southern calls.

Off for Saigon, shooting elephants as a side line and carrying on with his duties for Standard Vacuum Company, departed Mr. W. C. Palmer.

All the Colony will miss the charming young man who has been in residence the past six months. A wreath of flowers, water wings of elephant design and various other good-bye gifts strewed the popular gent's cabin. We know he will miss Hong Kong and be assured nobody will be able, exactly, to fill the vacancy you leave here.

We wish you much success in the new post and be careful of "Mary-Bell" the elephant!

Paris is the destination for Mrs. R. Levy sailing on the "Aramis." The visit will be short, a call for her son who is attending school in the French country and back home to Mr. Levy, representative of Richfield Oil Company, here.

Joining with your many friends, we say "Bon Voyage."

Imperial Airways

FRIDAY, 6.10 A.M. passengers were out of luck to go flying places via Imperial Airways—The "All-Up Mail" service using all available weight in the Delphinus.

Saturday, 11.45 a.m. Captain L. J. M. White came flying in with the "Della" from Bangkok, after an over night stop at Hanoi.

Returning from a quick trip to India and due out this week for Shanghai is Mr. G. A. Arbogast. Friends in the Colony are glad to see you visiting for a few days before sailing north.

Another quick round tripper arriving via the "Della" from London is Portugal's Consul A. Alves Lico, to Shanghai. No war comment, a short call, here, and away to his desk in the north sometime this week.

A well-known and very well liked gentleman will be spending several days weekly in the Colony. None other than Mr. O. Pritchard, copilot for Imperial Airways. Assisting Captain White on the "Della" will keep him busy in the weeks to come.

Hi! certainly glad to have you about again.

S.S. TANDA

MANILA AND Australia bound sailed the s.s. Tanda 11 a.m. Friday. Homeward and vacationing went the engineer superintendent of Indo-China S.N. Company Mr. and Mrs. J. W. Lawson and their two little daughters. Nine months of rest and relaxation with school for the young members of the family.

They were quite excited about the trip to come and we know it will be a super holiday for you all.

Note of interest: The s.s. Taiyo Maru, of the N. Y. K. Line, plying between the Orient and California is making a special call at Hilo, after Honolulu, en route to San Francisco. This port is of great interest to the traveller in the Islands and an added attraction to any voyager sailing the course.

was appointed G.O.C. 2nd-1st Yorkshires Mounted Brigade.

While serving with this regiment he was again mentioned in despatches, and at the close of the war he was awarded the C.B.E.

At the Aboyne sheep dog trials on August 18 entrants were competing for trophies which had been presented by Mrs. Smithson, Brigadier-General Smithson's widow.

S.S. Nankin

IN FROM AUSTRALIA and Manila, Saturday 8.30 a.m. was the s.s. Nankin. Late by an hour or so, all due to the transfer Friday night, 10 p.m., at sea of a Chinese stowaway from the s.s. Tanda. Guess he had the urge to travel but it must be uncomfortable transshipping via a row boat at night on a dark sea.

Up from Manila arrived Mrs. A. E. Frats greeted with many smiles and hugs from her husband and friends. She will remain several months in the Colony taking care of the busy Mr. Frats, of the company in his name.

Eurasia Aviation Corporation

FRIDAY, 4.20 P.M. from the North arrived Eurasia's plane with plenty of mail and passengers.

Mr. David Feldman and Mr. Murita Feldman a little crumpled, arrived from Hankow.

Friends and relations were on hand to meet these young boys who are headed for the class rooms of St. Joseph's college in the Colony for a year of hard study.

Empress of Russia

BACK TO VANCOUVER headed the Empress of Russia, 7 a.m. Friday, but not so many Hong Kongites going along.

We found Captain and Mrs. A. K. Diddle with the three young members of the family sailing to Kobe and a few days of holidaying. Though it was an early hour the youngsters were very interested and excited about the coming trip which we hope will be a grand three weeks.

Mr. A. Sallett departed for Shanghai after several weeks of business activities in the Colony, all due with the affairs of China National Aviation Corporation. However, he was too mysterious for us to handle, smiles and no statements were all he left us with.

Mr. Samuel and Albert Moore are on their way home to Kansas City, via the "Empress." The weeks of visiting here and about, were completely enjoyed by father and son.

Rules and regulations of law will occupy Mr. Albert Moore's days in the future.

Glad to see you and hope next year you will call by again.

On the last leg of a very happy round the world trip sailed Mrs. R. Arnstein and the sons of the family. "Hong Kong is just about one of the most interesting and beautiful ports of the world. I fully intend to call again and stay longer," expressed this charming world traveller. True the short stay at the Repulse Bay Hotel gave incentive for a longer visit in the future, and we hope you will not delay too long.

Conte Rosso

SATURDAY, 10.30 A.M. we found the Conte Rosso having herself tied fast and beheld Mrs. Mary Stoker all smiles and waves at the rail. Mr. Stoker was performing a jig on the pier, plus many friends calling "hello! glad to see you back again!" in which we join and hope the days in Shanghai were very enjoyable.

Indeed, a very notable and charming addition to the Colony and social affairs will be Mrs. Katherine Bond. Returning from Shanghai, house renting and packing; this very nice lady will more or less stay put with us here, while Mr. Bond, Managing Director of China National Aviation Corporation straightens out the affairs of his company.

And so Ladies and Gents of the Colony, we have a few of the people who left us and joined us the past couple of days.

JAPANESE RAID
YUNGSUI

Nanchang, Sept. 3. Eight civilians were killed and wounded and several houses wrecked at Yungsui, 40 miles north of Nanchang on the Nanchang-Kiukiang Railway, yesterday morning when nine Japanese planes raided the city.

Two Japanese planes reported Nanchang in the afternoon, but dropped no bombs. (Central News.)

GERMAN-CZECH TENSION SHOWS SLACKENING

Berchtesgaden Talks The Main Cause

Paris, September 3. Latest Czech negotiations, writes "Epoque," have brought a slight slackening of tension in the German-Czech conflict. Contrary to earlier fears, there is to be no pause in the negotiations and that in itself furnishes grounds for optimism.

"Figaro" claims to be in a position to state that Fuehrer has preserved his freedom of action. The view that the conference between the Fuehrer and Konrad Henlein in Berchtesgaden, has had the effect of easing the situation to a marked degree, is shared by most leading French newspapers. "Le Matin" says that although the Sudeten Germans continue to insist upon fulfilment of the demands set forth in their Karlsbad programme, there does not seem to be any intention of tearing down bridges.—(Transocean.)

MERELY RUMOURS

London, Sept. 3. In the absence of any concrete information about the outcome of the interview between the Fuehrer and Konrad Henlein, yesterday's morning newspapers confine themselves to publication of conjectures and rumours, all designed to convey the impression of further improvement in the atmosphere making it possible for both sides to start negotiations either on the basis of Dr. Benes' plan or certain counter-proposals.

Runciman Has Discussion With Czech President

Prague, Sept. 4. Before leaving Prague for the week-end—which, as previously reported, he will spend at the summer seat of the Archbishop of Prague, Dr. Kasper, at Brezany—Lord Runciman had another conference with President Benes at the latter's official residence on Hradcany Hill.

President Benes had expressed a wish to discuss the situation once more with the British mediator before the latter's departure from Prague for the week-end.

Lord Runciman arrived at Hradcany shortly after 5 o'clock on Saturday afternoon and conferred with President Benes for about one hour, after which Lord Runciman left at once for Brezany. President Benes likewise left Prague for his summer seat at Lana Castle. It is expected, however, that the Czech President will return to Prague today.

Political quarters here believe that Lord Runciman discussed with President Benes, above all, the outcome of the conference which took place between Chancellor Hitler and the Sudeten German Leader, Herr Konrad Henlein, at Berchtesgaden. Results of this conference are said to have been communicated to Lord Runciman by telephone earlier on Saturday.—(Transocean.)

GEN. WU ON H.K. EXCHANGE RATE

In an interview with a local Ta Kung Pao representative, General Wu Te-chen, Chairman of the Kwangtung Provincial Government, who is now visiting in Hong Kong, revealed yesterday that he had discussed with the local financial circles on the abnormally high exchange rate between the Hong Kong and the Kwangtung currencies, which is detrimental to the trade between the British Colony and Kwangtung.

He expressed the hope that a way will soon be found to improve the exchange rate.

Governor Wu will stay here for a few more days before returning to Canton.—(Central News).

JAPANESE LOSE HUGE STORES IN FIRE

Tokyo, Sept. 4. Raging for eight hours before being brought under control, a fire which started at 2 p.m. yesterday destroyed large stores of Japanese Army gasoline and several motor trucks in a large petrol station in the city.

Incendiarism is stated to be suspected by the Japanese military authorities.—(Reuter).

Mother Of Guerillas On Her Work

The organisation of Chinese guerrilla units operating in the vicinity of Peking was reviewed by Mrs. Chao, widely known as the "Mother of Guerillas," at a reception in her honour given by four leading Hong Kong Chinese Women's Federations at the Hotel Cecil on Friday.

At the outbreak of the Lukou-chiao incident on July 7, 1937, Chao Tungs, her son, was recuperating from illness in Peking. Mrs. Chao, after the fall of Peking, it was agreed between them that with their former experiences in Manchuria they should again organise mobile units to fight the Japanese.

They rallied over 100 men and began their partisan activities in the western outskirts of the ancient capital. Although numerically inferior, they succeeded in creating considerable difficulties for the Japanese.

PATRIOTIC YOUTHS
Scores of patriotic youths later joined the guerrilla bands, and at present, she said, there are more than 4,000 men under the command of his son. They are all well-trained and equipped and are strictly disciplined.

During the many engagements with the Japanese, they have inflicted heavy casualties and seized more than 30 machine-guns, two howitzers, and over 1,000 rifles and revolvers.—(Central News).

JAPANESE SLAY CHINESE VILLAGERS

Chengchow, Sept. 4. Japanese troops set Chingyuan, a village near Taiwang station on the Takou-Chinghua Railway, on fire and slaughtered 378 villagers recently.

The ruthless Japanese act is said to have been committed in retaliation for the killing of several Japanese sentries at Taiwang station allegedly by Chinese guerrillas.—(Central News).

International T.T. Race Won By Frenchman

Donington Park, Sept. 3. Louis Gerard, of France, driving a Delage, won the International Tourist Trophy motor race today, his time for 312 miles being 4 hours 31 minutes 50 seconds, at an average speed of 67.61 miles per hour.

Rain caused Gerard to skid badly in the later stages of the race and the car turned four complete circles before stopping broadside against the road. St. John Horsfall (Britain) was second in an Aston Martin machine. His time was 4 hours 35 minutes 2 seconds and his average speed 65.45 miles per hour. Third was Petan Celin, of France, in a Darracq, his time being 4 hours 38 minutes 4 seconds and average speed 78.93 miles per hour. It was a handicap race.—(Reuter).

Rumania And Poland Seek Co-ordination

IN EVENT OF WAR BETWEEN SOVIET AND GERMANY

Divergent Views

London, Sept. 4. Negotiations are now in progress between the Rumanian and Polish Governments with a view to co-ordination of these two countries in the event of a conflict between the Soviet Union and Germany, according to the Sunday Times. The paper regards it as rather improbable, however, that the agreement in question will be reached between the two countries.

The Rumanian Government, so the Sunday Times declares, appears to be willing to allow Soviet planes to fly over Rumanian territory in the event of a conflict with Germany and to permit sealed cars, with ammunition and arms destined for Czechoslovakia, to pass through Rumania.

Poland, on the other hand, is firmly determined to maintain strict neutrality and will therefore, under no circumstances allow Soviet planes to fly over Polish territory.

The Polish Government is said to have clearly defined its attitude to the French Government and left France in no doubt that Poland will remain strictly neutral during a conflict between Germany and the Soviet Union.

Polish political quarters hardly expect that the Polish Government will succeed in persuading the Rumanian Government to remain likewise strictly neutral in the event of a conflict between Germany and the Soviet Union, but they hope, according to the Sunday Times, that the negotiations now pending will, at least, have a result that the Polish-Rumanian alliance will not be jeopardised by divergent views held by the two countries regarding the attitude that should be adopted in the event of a conflict between Germany and the Soviet Union.—(Transocean.)

SOVIET WILL SUPPORT FRANCE IN CZECH CRISIS

London, September 4. Discussions about the possibility of increasing the duration of the period of military training in France have been going on between Britain and France, according to the Sunday Times.

The question under consideration concerns soldiers who in the ordinary course of events would be discharged next month.

At all events the French Government intends to postpone its decision in this matter until it is seen how the present international situation develops.

It is not known in London whether the conversation M. Daladier, the French Premier, had on Friday night with his Foreign Minister, M. Bonnet, and attended for some time also by the Deputy Chief of the War Ministry, had any bearing on the matter.

MOSCOW TALKS
The Sunday Times reports also that on the same day the French Charge d'Affaires in Moscow had an important conversation with the Commissar for Foreign Affairs, M. Litvinoff, as the result of instructions received from Paris. The military obligations of Soviet Russia towards Czechoslovakia were discussed and M. Litvinoff is said to have declared very categorically that in the event of a

FIGHTING RAGING ON THE JUICHANG FRONT

Stout Chinese Resistance

(With the Chinese forces on the Juichang Front, September 4). Japanese attempts to dislodge the Chinese at Moshan (Grindstone Hill) west of Juichang, were again thwarted with heavy casualties yesterday.

On one occasion the Japanese succeeded in forcing their way to mid-hill but were driven back by the Chinese with showers of hand-grenades.

CHINESE RESIST JAPANESE

Mahwelling, Kiangsi, Sept. 4. Chinese troops are putting up stubborn resistance to the Japanese pushing toward Tehan, important town on the Nanchang-Kiukiang Railway, 75 kilometres north of Nanchang, by the Juichang-Tehan highway.

Fighting of a severe nature is proceeding at Anchiashan. After their failure to dislodge the Chinese in frontal attacks, the Japanese are said to have sent out raiding parties to make an attempt to sneak through.

Several such raiding parties have been surrounded and annihilated by the Chinese.

Minshan, another important height lying between Juichang and Tehan, which was recently taken by the Japanese, was recaptured by the Chinese in a counter-attack yesterday afternoon.—(Central News).

UNWARRANTED AIR RAID ON KINGSHAN

Leaders Of Hupeh Town Appeal To The World

Hankow, Sept. 4. A circular letter, signed by Mr. Chiang Chang-chi, Magistrate of Kingshan, 70 miles northwest of Hankow in Hupeh, and leaders of the various local organisations, has been received here describing the inhuman and merciless Japanese air raid on the town on August 23.

On behalf of the 500,000 residents of Kingshan the signatories appeal to the various relief organs to make known to the world the Japanese massacre of innocent civilians so that public opinion may bring pressure to bear on Japan.

"Kingshan," the letter says, "is not only devoid of any military objectives, but is also without the presence of any single Chinese soldier."

While the district government was convening a conference of those engaged in education work, the letter asserts, over 50 Japanese planes appeared and mercilessly and indiscriminately bombed the town.

"Over 200 missiles were dropped," the letter adds, "destroying over 2,000 houses and exacting over 4,000 casualties. Many fires raged throughout the day and night."—(Central News).

FAIL TO ADVANCE

Tunki, Anhwei, Sept. 4. Strong Chinese resistance has frustrated attempts of the Japanese troops which have landed on the south bank of the Yangtze between Kweichih and Wushacha to advance overland.

Despite the severe shelling from Japanese gunboats in the Yangtze River, the Chinese are tenaciously holding their ground and keeping the Japanese troops on the brink of the river.—(Central News).

EUROPEAN ATHLETIC CHAMPIONSHIPS

NEW MARK FOR 100 METRES SET BY HOLLAND

Paris, Sept. 4. Forty thousand spectators, including President Lebrun, were present at the Colombes Stadium to witness the second European Athletic Championships.

Osendarp (Holland) won the 100 metres final his time of 10.8 seconds being a championship record. Mariami, of Italy, was second, Strandberg (Sweden) third, and Sweeney (Britain) fifth. Osendarp won by two feet.

In the pole vault final Sutter (Germany) won with a jump of 13 feet 3 1/2 inches.

Other final results were:—Throwing the javelin: Won by Jaervinen (Finland), 252 feet 2 1/2 inches. Long jump: Won by Leichum (Germany), 25 feet 11 inches.—(Reuter).

NANCHANG RAID BY JAPANESE AIRCRAFT

Nanchang, Sept. 4. Nanchang was subjected to another severe raid by Japanese aircraft yesterday morning. More than forty bombs were rained over the city, killing and wounding about 100 civilians and wrecking some 50 houses.

Several missiles landed in the slum districts, causing many deaths among the poor residents. A direct hit on one house killed a family of seven.

One bomb was dropped on the campus of the Chien Chung Middle School, partially demolishing the school building and causing five casualties.

Two bombs wrecked the New World Theatre in Min Teh Road, wounding three persons. The damage done was estimated at \$20,000.—(Central News).

SUIYUAN TOWN BOMBED

Wuyuan, Suiyuan, Sept. 4. Three Japanese planes raided Wuyuan, important town in Suiyuan, on Friday morning, dropping more than ten bombs in the centre of the city.

Over 20 civilians were killed and wounded and many houses were demolished.

Owing to inadequacy of medical facilities, many of the wounded were left unattended.—(Central News).

CESSATION OF WUCHANG POWER SUPPLY

Hankow, Sept. 4. The possible cessation of Wuchang power supply was foreshadowed in this morning's papers which contain an announcement by the Wuchang Power Company reading as follows:—
"In view of the shortage of coal there is danger of interruption of the power supply at any moment. The populace of Wuchang is urged to prepare candles and kerosene lamps to be used in the event of an emergency."—(Reuter).

JAPAN DEVELOPS NEW AMPHIBIOUS WARcraft

Strange Looking Ships For Landing Troops Dryshod

London, September 4. The Sunday Times' naval correspondent states that the amphibious warfare which Japan had to prosecute in her campaigns against China has led to the production by Japan of two new types of ships which have been developed in order to carry out rapid landings at a considerable distance from fleet or military bases.

The two types are complementary. One fits into the other.

One type is a large motor craft, something like a lighter. It is designed to carry troops, who are protected by light armour plate capable of withstanding rifle and machine-gun bullets.

The correspondent understands that some lighters are fitted with caterpillar tracks in addition to screws.

TROOPS LAND DRYSHOD

As soon as the lighters touch the beach, the tracks carry up the vessels like tanks and enable the troops to land dryshod.

The complementary vessels are specially designed ships able to carry both lighters and troops for long distances.

They, in effect, comprise a sort of multiple floating dock and warship, and are mounted with guns.

Attempted Murder

Fireman Stabbed

The attempted murder of a fireman, Pun Shing, now lying at the Queen Mary Hospital, is being investigated by the police.

Yesterday morning, as Pun was sleeping at his home, No. 24, Connaught Road Central, he was attacked by a man with a knife. He was stabbed in the abdomen.

His cries awakened the neighbours who called the police to the scene.

The intruder made good his escape.

The police are looking for a man, believed to be Li Man, stoker.

SHAI GARDEN BRIDGE INCIDENT

Seaforth Corporal And Japanese Sentry

Shanghai, Sept. 3. Claiming that the Japanese Naval Landing Party sentry had usurped his post near the middle of Garden Bridge this afternoon, a corporal of the Seaforth Highlanders succeeded in having the Japanese removed after half an hour's conference between British and Japanese officers on the spot.

The Scot, who was in charge of the Seaforth guard for a short time, stubbornly stood up to half a dozen Japanese officers and men as they drew a chalk line around their sentry's shoes on the pavement.

With the assistance of a Japanese interpreter from the Shanghai Municipal Police, a Seaforth commissioned officer ironed out the difficulty and the Japanese sentry was withdrawn five yards. All departed amicably.—(Reuter).

FOOTBALL GETS UNDER WAY IN INTENSE HEAT

Club Do Well Against The Royal Scots; South China Find New Forward

In intensive heat, but with no lack of enthusiasm, the local football season began on Saturday with two matches in the first division and two in the second, all being "friendly" encounters.

The best game was that between the Hong Kong Football Club and the Royal Scots, when the latter were given a bad fright. Fielding a team which, considering the earliness of the season, was remarkable for its good combination, the Club ran away with a swift lead of two goals, both from the feet of Ernie Strange, and, before the interval, Kirwan made it three.

The Scots came back strongly, and brilliant shooting by Hossack, who netted a "hat-trick" in quick succession, saw them level up the big deficit. Strange then scored once more for his own hat-trick, but a little before time McKay beat Payne to make the game a draw.

SOUTH CHINA'S EASY WIN
The main feature of the South China-Middlesex game was not so much that, in losing by three goals to nil, the soldiers failed to score, but that the winners could themselves have scored on a number of other occasions.

Their forward line was, as usual, brilliant, but its characteristic of taking things easy when the opposition's measure has been taken was in evidence, and a number of opportunities was missed.

Law-Tau-man, a newcomer from Shanghai, playing in his first game, made a favourable impression, and, in addition to opening the scoring, was responsible for some good speculative work.

Lai Shiu-wing and Tang Kwong-sum scored the other goals.

JUNIOR DIVISION

With their forwards running riot for the best part of the game, the Royal Scots Juniors beat Club Second's by nine goals to two.

The winners' marksmen were well on the target and not one real opportunity was lost. Garrie (3), Keane (2), Kae (2) and Gilroy and Simons shot the goals for them.

For the losers, P. Wilson scored both goals, and Tommy Blue, ex-Police player, and N. Smith were also prominent.

The margin of two goals to one by which the Royal Corps of Signals beat Kowloon Football Club was a fair reflection of the play, but it has to be added that the losers' team was by way of being experimental.

Scutley and Pitcher put the Signals two goals ahead at half-time, and after the interval Welsh reduced the arrears.

Mystery Of McCormick

Mystery of McCormick caused a first-day sensation in the Oval Test. Non-inclusion of the Australian bowler in the tourists' team surprised everybody, writes a Home correspondent.

Official explanation was that McCormick was suffering from neuritis in the shoulder, but everyone knew that the trouble was only very slight. I got behind the scenes in a chat with a prominent member of the Australian party. The truth is—McCormick was dropped.

C. L. MCCORMICK

The Australian selectors thought he had been out for long, so they decided to leave him out of the team in the final Test.
Two of the selectors wanted to bring in White, the left-hand spinner, instead of "Badcock," but Bradman, as captain, over-ruled them.

AMERICA TWO AHEAD

DAVIS CUP TENNIS

London, Sept. 4.
America is leading Australia by two matches to nil in the Challenge Round of the Davis Cup.

Donald Budge beat Bromwich 6-2, 6-3, 4-6, 7-5.
R. L. Riggs beat Adrian Quist 4-6, 6-0, 8-6, 6-1.

Budge was booted in the third round when he made eight consecutive errors. The crowd was yelling annoyance when the final set started.
Budge was like a machine gun, taking three games and then Bromwich rallied gamely, just failing to hold the American.

QUIST DISHEARTENED

Quist was disheartened by Riggs. He rallied in the second set but thereafter never appeared to have a chance. The American's driving and placing overwhelmed his opponent in the fourth set, which lasted only fourteen minutes.
Riggs played chiefly from the baseline, forcing Quist into error repeatedly. His win is regarded as "justifying the choice of Riggs which was criticised before the match." (Reuter).

China's Out And Out Baseball Victory

The Final of the Mamak International Baseball Tournament at Caroline Hill yesterday morning, saw China swamp Britain by 13 runs to nil.

China had five in the first innings, four in the fourth innings and four more in the sixth innings. But there was plumb nothing for every man of the plate, as Britain batted in desperation.

Mr. S. Mamak personally presented the prizes to Earl Wong, China's captain. All the other boys on the winning side also received medals.

FAR EASTERN TENNIS TOURNAMENT

Plans to determine a tennis champion for the Far East have been fostered in Saigon and to this end an invitation has been received by the Colony to send its best to participate.

The invitation, it is learned, was issued by the Federation Cochinchinoise de Lawn Tennis, and the tournament, to be called the Far East Championship, is proposed to commence at the end of November.

A great attraction to the tournament will be the presence of such players as Destremat, the French Davis Cup player who is ranked No. 2 in France, Pelizza, another brilliant French tennis star, and Khy Sin-ke, the well-known Chinese Davis Cup player.

It is not definite that all these players will take part, but the Federation Cochinchinoise de Lawn Tennis anticipates their acceptance of invitations which have been issued.

This is a splendid move on the part of the Tennis Association in Saigon and will mean much to tennis generally in the Far East, putting it, as it will do, before the whole world.

CHARITY BASEBALL

Due largely to the fine pitching of C. C. Lee, who took over on the mound in the second inning, Chinese Baseball Club beat the Overseas Chinese Club by 14 runs to two in a charity baseball game played at Caroline Hill on Saturday. The match was played under the auspices of the Hong Kong branch of the National Relief Fund.

LAWN BOWLS TOURNAMENT

Scotland And Portugal Win

Two matches in the Gutierrez Shield International Lawn Bowls Tournament played yesterday resulted as follows:—

Scotland defeated England by 16 shots to 15.
Scotland: J. Watson, J. Gellately, J. McKelvie, and R. Duncan (skip).
England: E. G. Post, J. G. Meyer, A. J. Hall and E. W. Lines (skip).
Portugal beat India by 21 shots to 18.

Portugal: L. F. Xavier, H. A. Alves, C. G. Silva and F. X. Silva (skip).
India: J. Roosen, D. M. Khan, A. R. Minu and A. K. Minu (skip).

GOVERNOR TO PLAY BOWLS

As the first Governor of the Colony to be patron of the Hong Kong Lawn Bowls Association, His Excellency Sir Geoffrey Northcote has shown a keen interest in the game during the whole summer.

Further evidence of this will be provided on Thursday, September 8, when His Excellency "leads" a "rink" team to the Club de Recreio to play a match against the Portuguese club which has been so successful this season.

The match will commence at 4 p.m.
